

St Mary's Ketton

Creation Sunday

We are keeping **Sunday 19th September as Creation Sunday** as part of the Great Big Green Week. Our Christian faith teaches us that the earth is a gift to all people and is sacred. We will be launching a display of work to celebrate the beauty and bounty of the earth. At the same time highlighting the destructive impact of climate change. **Adults and children are invited to submit poems or paintings, prayers or photos which speak of this amazing planet and its creatures. Please drop them off at church on Sunday mornings or at the vicarage.** The display will build up over several weeks and will be a backdrop to our Harvest Festival.
